[About H-D Kids Home](#)[At the Dealerships](#)[H-D Kids Home Products](#)

Welcome to H-D Kids! Great looking, quality products for the bed and bath – that let the younger set express their individuality through their enthusiasm for Harley-Davidson. Total Harley® attitude, minus the road dust.

Harley-Davidson is more than just motorcycles. ***It's a lifestyle*** – shared by riders and families alike. And H-D Kids takes the next generation for a ride they're going to love all the way . . . from tot to teen. With a bed and bath line that's young without being childish. Fun with a bit of an edge. A different kind of journey that's a little bit rebellious.

We've got Harley-Davidson motorcycles and those familiar emblems. Cool alternative fabrics, studded details and the gleam of stainless steel. We've got bold, we've got wow. And for the female fan – hot pink and black satin. Terrific bedding ensembles and bath collections to choose from to make any kid's space uniquely theirs. Uniquely Harley®.

H-D Kids Bed & Bath. **It's all about the journey.**
